The Morning Star.

OUTLINES.

The Weather Bureau's report says rain is generally needed throughout the cotton belt, but the effects of drought are not serious. —— Two persons were killed and twenty-five injured in a collision on the Southern railway near Macon, Ga. —— The Senate passed the Naval appropriation bill, $78,000,000; consideration of the isthmian canal bill was resumed; Senator Turner arguing in behalf of the Nicaragua route. —— The Liberty Bell arrived yesterday in Philadelphia from Charleston, S. C. —— British steamer Thomas Wayman is ashore near False Cape, on the North Carolina coast. —— Gov. Jeff. Davis, renominated by the Democratic convention of Arkansas, has announced himself a candidate for U. S. Senator. —— The strike situation in West Virginia is unchanged. —— Tornado in Michigan destroyed farm houses; many persons reported killed. —— German warships have been sent to Venezuela, supposedly for the purpose of enforcing collection of claims of German citizens against the Venezuelan government. —— New York markets: Money on call was steady at 2½@3 per cent., closing, bid and asked, 2@2½ per cent.; cotton quiet at 9½c; flour steady all day but quiet; wheat—spot steady; No. 2 red 77⅝c; corn—spot steady; No. 2, 70½c; rosin steady; strained, common to good, $1.57½; spirits turpentine steady at 49@50c.

WEATHER REPORT.

U. S. DEP'T OF AGRICULTURE, WEATHER BUREAU, WILMINGTON, N. C., June 10.

Meteorological data for the 24 hours ending 8 P. M.:

Temperatures: 8 A. M., 68 degrees; 8 P. M., 72 degrees; maximum, 77 degrees; minimum, 57 degrees; mean, 77 degrees.

Rainfall for day, .00; rainfall since 1st of month to date, .53 inch.

Stage of water in Cape Fear river at Fayetteville, N. C., at 8 A. M. 2.4 feet.

COTTON REGION BULLETIN.

Fair weather has prevailed in the cotton belt, except a few light local rains in the Charleston, Savannah and New Orleans districts. Temperatures have been lower except in the Galveston, Oklahoma and New Orleans districts.

FORECAST FOR TO-DAY.

WASHINGTON, June 10.—For North Carolina: Fair Wednesday and Thursday; light winds, mostly south.

Port Almanac--June 11.

Sun Rises	4.41 A. M.
Sun Sets	7.16 P. M.
Day's Length	14 H. 35 M.
High Water at Southport	12.00 M.
High Water Wilmington	2 30 A. M.

Mr. Jacassa is reported to have perished by venturing too close to Pelee's mouth. Prof. Heilbrid got there afterwards, but he didn't go about it in a Jacassacal way.

A bill granting amnesty to all Americans in Cuban prisons has passed both the Cuban House and Senate and will be signed by President Palma. Thus Cuba will save a number of board bills.

Major Waller is a Virginian, and the city of Norfolk proposes to present him with a sword. While swords are going 'round "Hell-Roaring Jake" Smith should not be forgotten.

Americans own 172 estates in Cuba, embracing an aggregate of 1,482,801 acres, 330,846 acres of which are devoted to sugar cane growing. They can produce about 830,455 tons of sugar when all are worked. They are not now, some of them producing none.

Simon Sam, late bounced President of Haiti, is credited with having stolen, while holding his job, all the way from $1,500,000 to $8,000,000. Even if the lower figure it shows that as a grabber and salter Simon Sam was a pretty good sample. He might come over here and go into Republican politics; but his color would be rather against him.

Census figures show that of the population of Canada 31 per cent. is of French blood, 18.5 per cent. Irish, 15 per cent. Scotch and but 23.5 per cent. English. A considerable part of the remaining 12 per cent. is American stock. If the French and Irish pooled their issues they could run the Dominion. From the way Americans from the West are squatting there they will be no small factor in a few years.

Lord Kitchener's friends are not satisfied with the $250,000 and a viscountship for finishing up the job when Lord Roberts got $500,000 and an earldom for marching into Pretoria after the Boers had marched out. They don't think, considering the amount of rough-and-tumble Kitchener had to go through to finish up this job, that the $250,000 and viscount reward ought to count as an equivalent. But then Kitchener is a bachelor and has no family to buy meat for.

COL. ELLIOTT RESIGNS

Finds It Impossible to Serve Longer as President of the Hospital Board.

CAPT. MacRAE SUCCEEDS HIM.

Regular Meeting of Managers Yesterday Was an Important One—A Life-Size Portrait of Mr. James Walker. A Visit by His Niece.

An important meeting of the Board of Managers of the James Walker Memorial Hospital was held yesterday morning at 10 o'clock in the hospital building, Tenth and Red Cross streets. Those present were Capt. Walter G. MacRae, presiding, Mr. D. C. Love, Mr. W. H. Sprunt, Mr. Sam Bear, Jr., Mr. C. P. Bolles and Dr. W. J. H. Bellamy.

Perhaps the most important feature of the meeting was the acceptance of the resignation as president and member of the Board of Col. Warren G. Elliott. This action was taken very reluctantly by the Board but was at the earnest request of Col. Elliott, who finds so much of his time taken up with matters concerning the consolidated railways of which he is also president, that it was impossible for him to serve longer. The resignation was submitted at the last regular meeting but the Board decided at that time to postpone its acceptance and make an urgent effort to get Col. Elliot to either consent to remain at the head af the Board or continue as a member, which effort was made, however, without avail.

At the meeting yesterday Capt. Walter G. MacRae was elected president to succeed Col. Elliott and Mr. W. H. Sprunt was chosen vice president to succeed Capt. MacRae. Both the gentlemen have consented to serve.

The committee appointed for that purpose reported that the effort to get the city to improve the street in front of the hospital had been successful and work has already commenced.

The report of Dr. Thos. R. Little, the superintendent, was read and was found very satisfactory in every way.

The offer of the county commissioners to give the hospital authorities portable cage cells for confinement of unruly or insane patients was declined with thanks, as it could not be used for the purposes mentioned in the opinion of the Board of Managers.

Mr. D. C. Love reported that he had secured the services of Mrs. D. H. Lippitt, of Wilmington, to prepare a handsome life-size oil portrait of the late James Walker founder of the hospital, pursuant to the action of the Board at last meeting. The portrait will be a handsome one, and needs no further testimonial than that Mrs. Lippitt will paint it. It will be given a place in the parlor of the institution.

It may be interesting to know in this connection that last week Miss Annie F. Walker, of Washington, D. C., a niece of the late James Walker, visited the magnificent institution which her uncle founded, in company with a number of the members of the Board of Managers, and was very much gratified at the manner in which the city and county had furnished the institution. She regarded the furnishings in every way in keeping with the splendid building, and also expressed much pleasure at the capable management.

Atlantic Yacht Club Opening.

The Atlantic Yacht Club will have its formal opening Friday night. There will be music, dancing and refreshments and a delightful time is expected. The courtesies of the club are extended upon this occasion to members of the Carolina Yacht and Hanover Seaside clubs and a large attendance is expected. There will be a late train from the beach.

Pentecost or Shabuoth.

Pentacost or Shabuoth, a solemn festival of the Jews, will be celebrated to-day. In Wilmington the services will be held by Dr. S. Mendelsohn, the rabbi, in the Temple of Israel, at which time the solemn rite of confirmation will be celebrated. The service will begin at 10:30 A. M., and the public is cordially invited.

LOCAL DOTS.

— Christian Science service, Masonic Temple, room 10, this evening at 8:15 o'clock.

— The period for paying Schedule B and C tax expired yesterday. It is learned that there are many delinquents.

— Immanuel Presbyterian Sunday School had an excursion to Carolina Beach yesterday. It was well patronized.

— Mr. Walter H. McIntyre, a member of this year's graduating class at the High School, has received a scholarship in the Agricultural and Mechanical College.

— The British steamship *Petunia*, which brought a cargo of sulphur ore for the Virginia-Carolina Chemical Co., was cleared yesterday by Messrs. Heide & Co. for Sydney, Dominion of Canada.

— An excursion managed by Fussell Bros. reached the city yesterday morning from Faison, N. C., and returned last night. The excursionists spent the day at the seaside resorts and in Wilmington.

NEW ADVERTISEMENTS.

Clyde Line—Sailing days.

Independent Ice Co—High grade ice.

BUSINESS LOCALS.

Lawn Party—At Mrs. Selger's.

WILMINGTON INFANTRY WILL IMPROVE ARMORY.

W. L. I. Decided at a Meeting Monday Night to Have Extensive Work Done on Its Handsome Home.

At a business meeting Monday night of the Wilmington Light Infantry the company decided upon very extensive and costly repairs to its handsome armory on Market street.

There was a very full attendance of members and the improvements were talked of with much enthusiasm. The improvement idea has been uppermost in the minds of members of the company for a long time, but not until recently did they see their way clear to make the expenditure.

It is learned that the work will cost about $3,000 and that amount is already in sight. Plans for the work have been drawn by Architect McMillen and it is expected that work will begin right away.

A WEDDING THIS MORNING.

Miss Annie Virginia Bell to Mr. William George Buffinger, of New Castle, Pa.

The following is from the New Castle, Pa., *Herald*: "Invitations have been received in the city, announcing the marriage of Miss Annie Virginia Bell, of Wilmington, N. C., to Mr. William George Buffinger of this city, on Wednesday morning, June 11th, at 8 A. M. The wedding will take place in St. Paul's Episcopal Church at Wilmington, N. C.

"Immediately after the wedding Mr. and Mrs. Buffinger will leave for a short wedding tour, and will return in a week or two to Brevard, N. C., where they will remain until October. After October 1st, they will be at home to their friends in the city.

"Mr. Buffinger, who resides in Wallace Avenue, has been engaged in the real estate business for some time. He left for Wilmington on Wednesday."

WILMINGTON TURNPIKE COMPANY.

Annual Meeting Yesterday and Officers Chosen for Ensuing Year—May Sell.

A meeting of the Wilmington Seacoast Turnpike Company was held yesterday morning at the company's office on Chesnut street, Marsden Bellamy, Esq., presiding.

A new Board of Directors was chosen as follows: Messrs. M. Bellamy, Junius Davis, George Haar, A. P. Adrian and P. Heinsberger, Jr. Subsequently a meeting of the directors was held and Mr. Marsden Bellamy was elected president and Mr. Geo. Haar secretary.

A called meeting will be held soon to consider a proposition to sell the company's turnpike to the county.

Funeral Yesterday Afternoon.

The funeral of the late L. L. Pritchard, whose rather sudden death was announced in these columns yesterday, took place the same afternoon at 5 o'clock from the late residence, No. 414 Orange street. The services were tenderly conducted by Dr. Calvin S. Blackwell, pastor of the First Baptist Church, in the presence of a very large gathering of friends. The floral tributes were very many and very handsome, one design especially pretty having been sent by Mr. M. J. Corbett, his late employer. The remains were laid to rest in Oakdale, the following having acted as pall bearers: Honorary, Mr. M. J. Corbett and Dr. A. M. Baldwin; active, Messrs. B. O. Stone, J. S. Hooper, L. B. Rogers, J. T. King, James J. Allen, W. T. Bryan, D. C. Whitted and W. G. Whitehead.

Funeral of Mrs. Lippitt.

The funeral of the late Mrs. Athalia B. Lippitt was conducted at 4:30 o'clock yesterday afternoon from St. James' church by the rector, Rev. F. H. T. Harsfield. A large number of friends were present to witness the last sad rites and many beautiful floral tributes were laid upon the grave. The interment was in Oakdale, the following having acted as pallbearers. Messrs. Geo. Kidder, J. L. Boatwright, F. A. Lord, N. B. Rankin, W. H. Green and L. S. Belden. Mr. James M. Brown, of New York, a brother; Mr. Frank Brown, of Atlanta, a son; Miss Athalia Lippitt, of New York, a daughter, and Master James Lippitt, a grandson, were here to attend the funeral.

Left On Sad Mission.

Miss Tallulah DeRosset left yesterday afternoon for Cartersville, Ga., on a very sad mission. A telegram to the family yesterday morning brought news of the death of her sister's little 6-year-old daughter, Mildred Hamilton Harris. She died Monday night after a very short illness with congestion of the brain. The devoted parents, Judge J. W. and Mrs. Annie DeRosset Harris, have the sympathy of many friends in Wilmington.

Funeral of a Child.

The funeral of the little two-year old daughter of Mr. and Mrs. Geo. W. Millis, who died Monday night at the family home on Wooster street, was conducted at 3:30 o'clock yesterday afternoon by Rev. Jno. H. Hall, pastor of Fifth Street M. E. church, and the remains were tenderly laid to rest in Oakdale. The STAR was in error yesterday in placing her age at 18 years.

Rod and Gun Club.

The lumber for the new club house of the Fort Fisher Rod and Gun Club will be sent down to the "Rocks" today and Messrs. Wood & Barker, to whom the contract has been let, will begin work Thursday. The building will be of the very best material.

AGAIN MET DEFEAT.

Wilmington With Her Inferior Slab Work Easy Prey for the Red Birds.

BARELY ESCAPED SHUT OUT.

Score Was Five to One—Durham Taken Into Camp by Charlotte and Newbern "Shut-out" Greensboro. To Be Strengthened Again.

YESTERDAY'S GAMES.

Wilmington, 1; Raleigh, 5.
Durham, 1; Charlotte, 10.
Greensboro, 0; Newbern, 4.

WHERE THEY PLAY TO-DAY.

Raleigh at Wilmington
Charlotte at Durham.
Greensboro at Newbern.

STANDING OF THE CLUBS.

	Won.	Lost.	Per cent.
Charlotte	28	3	.903
Raleigh	18	14	.562
Durham	17	15	.531
Newbern	15	17	.468
Greensboro	15	17	.468
Wilmington	3	28	.097

Dunn was in poor form for the game with Raleigh yesterday afternoon; handed up an abundance of free transportation and hit batters at critical stages at such an alarming rate that victory went to the Wake boys in a score of five to one, although Wilmington got all the best of the hit column, and reduced her errors to a minimum. It is gratifying to know that Manager Mace is already at work to strengthen his pitching staff and with the new men, his team may be depended upon to win.

It is a little out of order just at present to cry "forbearance," but the management is determined to have a strong aggregation and that, too, inside the salary limit prescribed by Ashenback and Stocksdale.

Fisher returned to the game yesterday, took his accustomed position behind the bat and, though he gave evidence of being a trifle sore, he played his usual conscientious game. He and Traeger, his assailant, shook hands before the grand stand and President Gerken, of the local association, made a nice little talk to the spectators, which put everybody in good humor apparently, though Traeger will have to answer for his offence in the police court to-day at 10 A. M.

The fireworks started in the very first inning yesterday. Pastor, Soffie and Smith, the very first men up, lined out pretty singles, and the first named scored; Davis flew long to centre and Soffie scored. Traeger got a pass but was caught trying to steal second, while Smith scored. Ray ended the agony by fanning.

In the second, Lawson and Hines got pretty singles, but they were too wide apart, and the game progressed nicely enough until the sixth inning with neither team scoring. Holland got a pretty double in the third, but Hines and Dommel, with one man down, were unable to get him home. Fisher got a nice single to left in the fifth, but was retired on a fast double of Dunn's hit. Holland got another hit in the same inning, but was caught trying second after two strikes on the batter.

The fatal sixth opened with a pass to Soffie and an error in handling Hook's bunt. Davis was hit and filled the cushions. Traeger was handed another free pass, signed "Sammie," and Soffie was forced home. Ray and Lattin flew to centre and Smith was out on McGinnis' beautiful throw home. In the seventh the visitors added one more chalk line on a single by Hook, first up, and a wild throw by Fisher to first. After Leonard had walked, making it very disagreeable, Pastor hit to Lawson and was doubled at first, while Hook scored. Soffie walked but was forced at second by Smith.

The locals saved themselves from a shut out in the ninth by bunching hits and a muff by Lattin in centre. Hines and Dommel, first up, sent pretty drives to centre and when Lattin dropped Lawson's high fly Hines came home. Dommel was forced at second and Mathison and McGinnis went out in their order.

Deiters, who was secured from Durham, arrived last night and will play third to-day, Mathison going behind the plate for Fisher to rest a few days.

THE SCORE BY INNINGS.

	1	2	3	4	5	6	7	8	9	R	H	E
Raleigh	3	0	0	0	0	1	1	0	0	5	5	2
Wilmington	0	0	0	0	0	0	0	0	1	1	7	2

Batteries: Leonard and Smith; Dunn and Fisher.

Summary: Stolen base, Smith. Two base hit, Holland. Double plays, Pastor to Soffie to Davis 3, Lawson to O'Neill to Dommel, McGinnis to Fisher. Base on balls, off Leonard 1, Dunn 7. Hit by pitched ball, Leonard and Davis. Struck out, by Leonard 3, Dunn 7. Wild pitch, Leonard. Time, 1:40. Umpire, Mr. Sherman. Scorer, Mr. Bell.

A Strong Pitching Staff Is now the Crying Need.

— Game 3:45 P. M. to-day.

— Well, 1 to 5 was better than a shet-out.

— No, it was not a poor game by any means.

— Holland led in the batting for Wilmington and Soffie for Raleigh.

— Lawson, Hines and O'Neill, the new triumvirate, are all fine players.

— Wilmington had three men struck out. Dommel bore off in triumph two-thirds of these honors.

— With seven hits to five for Raleigh Wilmington could barely save herself from a shut-out.

— The attendance was 475. Did any people on earth ever stand by a losing team so grandly?

— The press gang return thanks to President Gerken for the nice table and chairs provided for their comfort.

— The horse editor feels so much "like 30 cents" that he offers to bet that amount on Wilmington to-day.

— The cranks were glad to see Fisher in the game. He made a hit and was given a substitute for base running.

— Sweeney will pitch to-day and the game will be called at 3:45 in order that Raleigh may catch the evening train.

— President Gerken of the Wilmington Association, will represent the city's interest at the League meeting in Raleigh to-morrow night.

— Rare and radiant rooterinas, charming and cherished crankerinas, crowd the grand stand to-day. Admission, fifteen cents or three nickels.

— "Going to the game to-day?" "Why, of course. Don't you suppose I want to see Wilmington win one more game before the beginning of the second series?"

— The work of the Turtles in the first eruption won the game. They made three of their five hits and three of their five runs during that seismic disturbance.

— The pitching staff of the Wilmington team is the weak point. With two first class pitchers who could supplement their box work with batting power the team would be a winner.

— Owing to Mayor Waddell's absence at the beach to deliver the welcome address to the Medical Society, Traegar's case for the assault on Fisher was not heard in the municipal court yesterday, but was continued until to-day. It is learned that an effort will be made to settle the matter without its reaching the court.

Another Game at Tarboro.

TARBORO, N. C., June 10.—Timely hitting, coupled with the visiting team's errors, won for the locals, another good exhibition of baseball. The score:

	1	2	3	4	5	6	7	8	9	R	H	E
Tarboro	0	0	0	0	0	2	2	0	3	7	9	6
Durham	0	0	0	0	1	1	0	0	0	2	8	8

Batteries: Hart and Fenner; Wooten and Surles. Umpire Foster.

CHARGED WITH FORGERY

Louis Mills, Young White Man, Bound Over to the Superior Court.

Louis T. Mills, white, aged about 22 years and the past season a producesolicitor in Wilmington, was bound over to Superior Court by Justice Fowler yesterday for forgery and in default of $100 justified bond he went to jail to await the July term.

Young Mills plead guilty to forging an endorsement on three checks belonging to W. H. Mills & Son, the truckers in East Wilmington. The aggregate amount he received on the checks from the bank was $52.30. After his submission, the case was not contested and neither side was represented by attorneys.

EDGECOMBE BARELY FOR CLARK.

County Convention at Tarboro Yesterday. Consor for Associate—Primary.

[*Special Star Telegram.*]

TARBORO, N. C., June 10.—The county convention was held here today, with a very large attendance. It ordered primaries for the nomination of county officers. Judge Connor received the unanimous endorsement for Associate Justice and C. C. Daniels received 48 out of 151 votes for solicitor. This does not represent all his strength. The Stubbs' delegates did not vote. Judge Walter Clark received 88 out 151 votes for Chief Justice. The primaries for county candidates will be held June 24th. The strength of Judge Battle and Hon. C. M. Cook for Jugde was not called.

High Life in "Coon-town."

"Missie" Pearce, colored, Ninth and Nixon streets, was bound over to the Superior Court yesterday by Justice Fowler on a charge of wanton destruction of personal property. She defaulted $50 bond and went to jail. The woman borrowed a dress from another "belle of coon-town" and refused to return it. When the lender demanded the property the Pearce woman, in a fit of rage, tore it into shreds.

Were Invited to Wrightsville.

Mr. S. H. Fishblate who returned yesterday from the Druids' meeting in Richmond, says the Grand Grove was invited to meet at Wrightsville Beach next Summer but it decided to return to Richmond next year and the following Summer come to Wrightsville.

Excursion to Washington.

Lumberton *Robesonian*, 10th: "Mr. Frank Gough left yesterday for Portsmouth and Washington with a view to arranging an excursion to run at some time in the near future, from Wilmington by Lumberton to Washington, D. C. The date nas not yet been determined but will be made known later.'

49TH ANNUAL SESSION

North Carolina Medical Society Has Captured Wrightsville Beach for the Week.

OPENING MEETING YESTERDAY

Tar Heel Physicians Here in Large Numbers--Address of Welcome by Mayor Waddell and Response—Interesting Papers Read.

The opening session of the 49th annual meeting of the North Carolina Medical Society was called to order by Dr. Frank H. Russell, of Wilmington, in the handsome ball room of the Seashore Hotel, Wrightsville Beach, yesterday morning at 11:30 o'clock. Nearly 200 physicians and their families are at the beach for the meeting which promises to be both delightful and profitable.

The exercises began with a very appropriate and fervent invocation by Dr. A. D. McClure, of this city, and Mayor A. M. Waddell, of Wilmington, bade the visitors a most cordial welcome, which was responded to in a neat speech by Dr. Oscar McMullan, of Hertford, N. C.

Roll call showed the largest attendance on record for the opening session, and there were many manifestations of enthusiasm. The gathering is a most representative one and is as fine-looking body of men as ever gathered in State assembly.

Dr. Robert S. Young, of Concord, president of the Society, next read his annual message, which was full of profitable and timely suggestions to the body and was thoroughly enjoyed by those present

The appointment of the following committees was announced:

Credentials—Drs. F. H. Russell, Wilmington; H. F. Fletcher, Asheville; W. H. H. Cobb, Goldsboro; D. K. Hayes, Oxford; Dr. Moore.

Finance—Drs. W. H. Lilly, Concord; C. M. Pool, Craven; J. M. Parrott, Kinston; Chas. O. Laughinghouse, Greenville; W. W. McKenzie, Salisbury.

To Consider Recommendations in President's Address—Drs. Geo. G. Thomas, Wilmington; W. H. Whitehead, Rocky Mount; D. K. Hayes, Oxford.

Next followed a report from sections, which was interesting and timely to the medical fraternity.

The afternoon session began at 3:30 P. M. and the doctors settled down to work in earnest.

A valuable paper of the day was that on "The Value of Knowledge of Anatomy from a Practical Standpoint," by Dr. G. G. Davis, of the Polyclinic of Philadelphia. Other interesting papers were read as follows: "Uric Acid Excess," Dr. D. J. Hill, Lexington; "So-called Dyspepsia and Its Treatment," Dr. C. A. Julian, Thomasville; "Management of Smallpox Outbreak," Dr. P. J. Macon, Warrenton; "Surgical Treatment of Chronic Ulcers," Dr. J. M. Parrott, Kinston; "Radical Cure of Hydrocale," Dr. H. A. Royster, Raleigh; "Intra Spinal Cocainization," Dr. H. McKee Tucker, Raleigh. On all the papers there were lively discussions.

Last night the Society had the annual discussion on "Typhoid Fever," the debate having been led by Dr. A. A. Kent, of Lenoir. The discussions were able and of an interesting character. Among those who took part were: Drs. J. E. Smoot, Concord; G. T. Sikes, Grissom; J. C. Rodman, Washington; J. F. Highsmith, Fayetteville; H. T. Bass, Tarboro; J. S. Brown, Salisbury; Dr. F. Halsey, Roper; A. Cheatham, Durham; J. D. H. Knight, Williamston; S. P. Nicholson, Louisburg; T. J. Macon, Warrenton; W. P. Whittington, Asheville; J. M. Flippin, Salisbury, and A. G. Carr, of Durham.

The Society will resume its sessions at 9:30 o'clock this morning with the appointment of other committees and report of sections. At 10 o'clock an election of a board of seven Medical Examiners to serve for the ensuing six years will take place, and already this feature of the proceedings is attracting interest. At noon a conjoint meeting with the State Board of Health will be held.

At 3:30 P. M. the Society will begin the afternoon session, and at 4:30 o'clock the annual election of officers of the Society will take place, and the time and place of next meeting will be determined. Raleigh, Greensboro and Hot Springs are bidders for the next meeting.

At 8:30 P. M. a public meeting will be held, at which the annual essay will be read by Dr. Eugene B. Glenn and the annual oration will be delivered by Dr. Jno. C. Rodman, of Washington.

A handsome oil portrait of Dr. Charles J. O'Hagan, of Greenville, will be presented to-morrow to be placed in the State Library at Raleigh.

Monday the session will be called to order at 10 A. M., and a final adjournment at noon will be at the will of the Society. A number of interesting papers to the medical profession will be read during each day's proceedings.

A distinctive social feature of the meeting will be, the complimentary dance at the hotel to-night given by Manager Hinton. The affair is in honor of the visiting physicians and invited guests only. There will be a late train from the Beach.

Left For Chapel Hill.

Mrs. Roger Moore and daughter, Miss May Ella, left yesterday for Chapel Hill to make that place their home. Mr. Louis T. Moore, who will attend the University next Fall, will remain in Wilmington until the opening of the term.

THE INDEPENDENT ICE COMPANY

IS STILL MAKING HIGH GRADE ICE AND IS SELLING AT LOW GRADE PRICES.

We wish to assure the public that no efforts on the part of our competitors will be successful in underselling us. All parties concerned may as well understand our position first as last. We are thoroughly equipped to make ICE and to sell it. This is our business and we intend to push it regardless.

MERCHANDISE.

Bloom Edward, L T Croom, L D Hollinsworth.

RETURNED FROM DEAD LETTER OFFICE.

Robt Butter, W McAll, Lillie Morris, Lucy L Pruitt.

Persons calling for above letters will please say advertised. If not called for in fifteen days they will be sent to the dead letter office. M. C. DAISY, Postmaster.

PERSONAL PARAGRAPHS.

— Geo. H. Currie, Esq., of Clarkton, was here yesterday.

— Mr. W. H. Fussell, of Rose Hill, N. C., was here yesterday.

— Rev. Dr. A. G. Voigt has gone to Wernersville, Pa., to visit relatives.

— Mr. and Mrs. B. F. Rogers, of Concord, are guests of Mr. and Mrs. J. H. Rehder.

— Mr. W. E. Warren, of Wilson, and D. E. Best, of Warsaw were Orton guests yesterday.

— Miss Hattie C. Platt, of Washington, D. C., is the guest of Mrs. L. H. Burnett, South Front street.

— Mrs. H. M. Bremer and two children, of Brooklyn, N. Y., are here visiting Mrs. Bremer's sister, Mrs. G. J. McMillan.

— Drs. H. T. Pope and J. D. McMillan, of Lumberton, came down yesterday to attend the Medical Society meeting.

— The numerous friends of Mr. J. M. Meyland are glad to see him able to be at his place of business again after his recent severe illness.

— Mrs. C. O. Byerly returned Sunday evening from a visit to her mother in New York, who has been quite ill. Mrs. Byerly left her mother very much improved.

— Dr. W. H. Lilly and wife, of Concord, are guests of their relatives, Mr. and Mrs. J. B. Mercer, No. 215 Second street. Dr. Lilly is a prominent physician of the State and is here to attend the Medical Society meeting.

The Local Shipping.

The schooner *Jno. G. Schmidt*, in charge of the clever craftsmaster, Capt. Norbury, arrived up yesterday from Southport whence she came Monday afternoon from Philadelphia with a cargo of guano for interior delivery via Seaboard Air Line. Capt. Norbury is accompanied on the trip by his son, Mr. Henry S. Norbury, who will remain in the city for some time. The schooner *Harold B. Cousens* arrived Saturday from Boston.

Cannon For Fayetteville.

The two cannon secured by the government for the town of Fayetteville, to be placed about the Confederate monument, arrived yesterday on the New York steamer from the Brooklyn navy yard and will be shipped to their destination on the steamer *Hurt*.

DIED.

The Morning Star.

BY WILLIAM H. BERNARD.

WILMINGTON, N. C.

WEDNESDAY MORNING, JUNE 11.

"SHEAVES OF PRINTED SECURITIES."

Yesterday we quoted from the speech of Mr. J. J. Hill, delivered before the Illinois Manufacturers' Association in Chicago, an extract on the protective tariff, in which he held that protection had accomplished its purpose and was no longer necessary. The position he took was substantially the same as that taken by the Democratic opponents of protection who contend that if protection ever was necessary to foster our manufacturing industries, these industries are now, by their own admission, able to take care of themselves, and consequently there is no longer any justification for perpetuating this protection, the only effect of which is to foster trusts and monopolies, and to enable them to practice extortion, if so disposed, upon the home consumers of their products.

As an illustration of this take, for instance, the Beef Trust and the Steel Trust. The Beef Trust has protection on cattle, sheep, hogs, hides and slaughtered meats. It is pretended, of course, that the protection on cattle, sheep, hogs and hides is for the benefit of the stock raisers and farmers, who derive no more benefit from it than they do from the melting of the snows on the Alps. The protection simply gives the Beef Trust a monopoly of the American market, with enormous profits, amounting in the aggregate to $100,000,000 a year. A combine which can make so much money in a year surely does not need any governmental coddling.

The Steel Trust, which embraces not only all the leading steel plants in the country, but indirectly controls many industries which are dependent upon it for supplies of steel in various forms, made a profit last year of $111,000,000. Surely a combine which can make such a profit as this does not need governmental coddling, and yet they, with the Sugar Trust, which makes immense profits, and scores of other trusts, every one of which is able to take care of itself, has tariff protection, and high protection, high enough in some instances to amount to practical prohibition.

In the speech from which we quoted yesterday Mr. Hill also referred to the trusts as follows:

"In a country as large as ours, carrying on enormous undertakings, large amounts of capital are necessary and this capital can be more readily furnished by corporate ownership than in any other way. The only serious objection to so-called trusts has been the method of creating them—not for the purpose of manufacturing any particular commodity in the first place, but for the purpose of selling sheaves of printed securities which represent nothing more than good-will and prospective profit to the promoters.

"If it is the desire of the general Government through Congress to prevent the growth of such corporations it has always seemed to me that a simple remedy was within their reach. Under the constitutional provision allowing Congress to regulate commerce between the States all companies desiring to transact business outside of the State in which they are incorporated should be held to a uniform Federal law. They should satisfy a commission that their capital stock was actually paid up in cash or in property at a fair valuation, just as the capital of a national bank is certified to be paid up. With that simple law the temptation to make companies for the purpose of selling prospective profits would be at an end and at the same time no legitimate business would suffer.

"The survival of the fittest is the universal law of nature in every branch, and in its working it is eternal. Let us, therefore, leave well enough alone. That which is good let us keep and that which can be made better let us approach with intelligence and work together for the accomplishment of results that will benefit not only one, but all the various States of the country, and, in that way, secure the prosperity of the individual and separate interests as well."

Mr. Hill thinks the trusts, or whatever they may be called, are all right, provided they are kept within reasonable and legitimate bounds, the way to do which he thinks simple enough, that is by requiring them to do business on a bona fide paid up capital and not water,—nor "sheaves of securities."

That is all well enough as far as it goes and it would no doubt have some effect in checking the business of building trusts if the men who built them had to build on dollars instead of fictitious values, into which forty or fifty per cent, and sometimes more water is pumped. But his remedy in more to prevent the inflation of stocks than to regulate or restain the Trusts after they have been formed. It has been customary with the defenders of the Dingley tariff when the charge was made that this tariff is responsible for the trusts to answer that there are no trusts within the meaning of the law, that what are called trusts are simply "aggregations of wealth," to quote, Senator Hanna, or combinations of capital to work to better purpose. This is to some extent true; they are "aggregations of wealth," "combinations to work to better purpose," most of them to work the public. They conceal or ignore the vital fact, and the one that gives just ground of complaint against the trusts, namely that these trusts are combinations of a monopolistic character.

Mr. Hill does not draw any distinction between business organizations whose capital is supplied by corporate ownership, with a view to doing business more effectively and on a colossal scale, and trusts, which are formed for the purpose of making immense profits on the business they do by absorbing or strangling competition and thus securing a monopoly of the market in their respective lines of products.

Everybody recognizes the fact that in this day of business activity and great enterprises combination is necessary, and no one objects to that, although it is customary with the trust defenders to charge that the opponents of trusts are fighting capital and business progress and development. Every one with any sense and not influenced by partisanship or by the interest they may have in supporting and defending the trusts knows that this is slanderous nonsense. It is not the combination of capital that is objected to and against which the restraining hand of the law is invoked, but the *purpose*, the motive inspired by greed to drive out competition, secure a monopoly and thus have the public in the power of the combines who are governed by their own interests, as they see them, regardless of the rights or interests of others. Fair and legitimate competition, whether the capital be furnished by individual or corporate ownership is one thing, and combinations organized for the purpose of stifling competition—commonly known as trusts—is another and quite a different thing. It is these and not the former that the Democratic party is fighting, and these Mr. Hill's remedy, which is good as far as it goes, would only partially guard against.

THE EDUCATION HE NEEDS.

In discussing the educational question in the South it is generally held that both races should be educated, and this is the course pursued, for in every State there are schools for both, and as far as the money expended goes there is no distinction, the negro schools receiving their proportion of the school taxes on the same basis that the white schools do, although about nine-tenths of the taxes are paid by white people.

It is not so much a question as to the education of the negro as to the kind he should have, for there are some who seem to think that education will solve the problem and make the negro the master of his own destiny. But many of the people who think that way have a mistaken idea as to what should constitute the negro's education. Most of them have the higher education in view, for which not one in five is fit, and not one in the other four could turn to useful account if they had it. The trouble with the average negro is that he is too much disposed to think when he gets a smattering of books, which he considers an education, that it puts him above soiling his hands with work, or sweating for a living, and he spends his time waiting for some nice, easy, soft snap to come his way and generally speaking it doesn't come. In the meantime he is loafing, living on his wits or sponging on the old folks, who work, or on friends whom he can bunco.

Of course we do not mean that all who go through the high schools or colleges do that, nor do we mean that none should have the opportunity for as high an education as he or she desires and has the talent and perseverance to acquire, for the race needs preachers, teachers, doctors, &c., but it is only those who will turn the knowledge acquired to good purpose, for the betterment of themselves and their people, who should be encouraged in this direction.

It is workers, not drones, the race needs, whatever the station may be. If the mass of negroes, male and female, are taught to read, write and figure they have all the education they need, not enough to spoil them, and all they can profitably use. With this let them acquire industrious habits, to work intelligently and skilfully where skill is needed, and they will become useful members of the community in which they live, helpful to themselves and to their race.

Maj. Glenn, who was tried by court martial at Catbalogan, Island of Samar, for administering the water cure to a Filipino guide, was acquitted on the ground that the water cure is a rather mild mode of chastisement, which is sometimes resorted to in American cities by the police to extort confessions from criminals. Why, we thought the w. c. was a Filipino invention. The court also came to the conclusion that the water-cured Samaritan was not a good Samaritan, and deserved to be shot. If so, why didn't Glenn fill him full of lead instead of water?

It is very hard to please some of the Republican organs. Because the Democratic convention of Indiana declined to reaffirm the Kansas City platform the St. Louis *Globe-Democrat* screams out that the Democratic party of that State "is a party ashamed of its past." If it had reaffirmed that platform the *G.-D.* would be larruping it for not having sense enough to let that pass. There is just no use in Democrats trying to please the Republican organs in building their platforms.

THE APPALACHIAN RESERVE.

The proposed Appalachian reserve, a bill for which has been pending in Congress for some time, has been so strongly recommended by Secretary of Agriculture, Wilson, and by other prominent men who have given thought and investigation to it, and has such strong support in Congress that it would be remarkable if it is not established.

Senator Pritchard spoke in favor of it several days ago. Senator Depew, of New York, made a strong speech for it a few days ago and he was followed by Senator Simmons in another strong speech, Monday. They all gave good and sufficient reasons for advocating the appropriation of $10,000,000 asked for and showed conclusively that this is a small amount in comparison with the benefits to be derived from such a reservation.

Embracing the rain divide in the mountains bordering on Tennessee, Virginia, North Carolina, South Carolina and Georgia, it is of the utmost importance that the timber of this section be protected before the mountains are laid bare by the woodman's ruthless axe, which has already done incalculable damage. The hard woods that clothe these mountains have become so valuable that they are eagerly sought and purchased, and wherever practicable to move the lumber to avenues of transportation, there the axe finds employment, and soon the mountain is stripped of every tree worth cutting, and then comes the torrents which sweep without impediment down the mountain sides swelling the streams into raging, resistless torrents, carrying destruction and havoc as they run, submerging the lowlands, destroying crops and farms, which years ago never suffered from floods.

Of course the more the mountains are stripped of timber the worse and more frequent these sudden floods will become, until farming in the valleys will become a very precarious if not a hopeless occupation. Much harm has already been done, but if action be taken now further harm may be prevented, and some of the harm already done be remedied by replanting the mountain sides that have been denuded.

But more than that will be gained, for these mountains are the sources of some of the most important tributaries of commerce, which flow into the Mississippi and thence into the Gulf on one side, and into the Atlantic on the other.

CURRENT COMMENT.

—— And now it is claimed the Northern fire insurance companies are discriminating against the negro property owners in the South. Here is another hunch for Mr. Gallinger.—*Washington Post, Ind.*

—— A $3,000,000 glucose factory is to be erected in Waukegan, Ill. As glucose is taking the place of sugar in candy, etc., it seems about time to hear from the Sugar Trust on the one hand and the beet and cane sugar raisers on the other.—*Brooklyn Citizen, Dem.*

—— Mr. Beveridge believes the mastery of the Pacific should be ours. It is strange that none of the great men gone ever thought of claiming the "mastery," of the Atlantic or even the Caribbean. When we were at our best we were content to have our rights, but since slavery was abolished at home there seems to be a consuming desire in some heart to gain "mastery" abroad. If this be the way to preserve peace and good feeling, human nature has completely changed with a generation.—*Jacksonville Times-Union, Dem.*

—— Much surprise is expressed that Senator Morgan, who delivered a speech upon the Philippine bill on Thursday and in favor of its passage, voted on Tuesday against its passage. The surprise was the greater because the senator voted with the Republicans on all the amendments to the bill. We have seen no explanation of this conduct, but can imagine that the senator, knowing the bill would pass anyway, preferred to align himself with his party associates, the Democrats, on the final vote. There is very little doubt that Morgan, as the defender of the civil government bill, was the statesman; Morgan, as the voter against that bill, was the party man.—*Mobile Register, Dem.*

Good One—"Brother, don't you know if you swear at those mules you won't get to paradise?" Bad One—"Yes, pawson; but if I don't swear at them I won't get to the end of the row, and that's the important thing at present."—Philadelphia Record.

It Dazzles the World.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough it is the quickest, surest cure in the world. It is sold by R. R. BELLAMY, druggist, who guarantees satisfaction or refund the money. Large bottles 50 cents and $1.00. Trial bottles free. †

For over Sixty Years

MRS. WINSLOW'S SOOTHING SYRUP has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, soften the gums, and allays all pain; cures wind colic, and is the best remedy for diarrhœa. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Dr. PIERCE'S FAVORITE PRESCRIPTION FOR WEAK WOMEN.

SPIRITS TURPENTINE.

— Newton *Enterprise*: Another week has passed and still no rain. It has been nearly seven weeks since we have had a good shower. The crops are suffering greatly and the gardens are drying up

— Goldsboro *Argus*: The death of Mrs J G Keen occurred Monday morning at her home in Georgetown. Her husband, who survives her, came from Duplin county some months ago.

— Winston *Republican*: The wheat crop will be short. —— The electric railroad to connect Winston-Salem, Greensboro and High Point continues to be earnestly discussed. It will require from $800,000 to $1,000,000 to carry out the scheme.

— Salisbury *Sun*: Mr. W. F. Rice's barn, near Woodleaf, was struck by lightning Friday, and the barn and two horses in addition to a quantity of feed were consumed. One of the horses belonged to Mr. Rice and the other to Rev. J. L. Saunders.

— Alamance *Gleaner*: From the information that we have been able to gather from different sources it seems there will not be over half an average crop of wheat produced in this county. The grass is also short so far, but it is said the corn crop is looking well everywhere.

— Danbury *Reporter*: A letter from Westfield states that a very destructive hail and wind storm visited that section several days ago, doing much damage to growing crops. Many of the tobacco plants were ruined and it is feared that the farmers will not be able to finish setting their tobacco on account of the scarcity of plants.

— Raleigh *Post*: Policeman Geo. N. Jackson shot and instantly killed Robert Moore, a white man, near the Edna cotton mills at Reidsville Sunday night. Officer Jackson, in company with Policeman C. T. Baisley, had gone down to the mill section to arrest some parties wanted for an offence and were beside the railroad track when Moore, in company with a woman, passed. Before arriving opposite the officers the woman told Moore of officers' presence and Moore then cursed the policemen. Just as he passed them Moore pulled out his pistol and whirled, pointing the weapon at Mr. Jackson. The officer, realizing that he was in a critical predicament, took out his pistol and fired instantly, the ball taking effect to the left of Moore's nose and penetrating the brain. —— A petrified snake was found Monday afternoon by Mr. Dixon, Mack Dixon, Mr. W. C. Hudgins and Mr. Dave Berwanger. These gentlemen were out fishing and found the specimen, which is five feet four inches long.

— Raleigh *News and Observer*: During the rain and electrical storm Sunday night there was a severe storm at the Occoneechee farm which resulted in the destruction of a barn at Col. J. S. Carr's farm. Lightning struck the "Pocahontas" or race track barn and it was entirely destroyed, together with the contents. A telephone message from Occoneechee said that there was no live stock in the barn, but that it was filled with feed and agricultural machinery. While the loss was quite large it is learned that the barn and contents were fully covered by insurance. —— Gov. Aycock on Monday pardoned Hoyt C. Moore, of Pitt county, convicted of manslaughter and sentenced to twenty years. He had served for four years. The pardon was granted upon the recommendation of the judge who conducted the trial. Moore was fighting in defence of his son and did not do the killing. His son, who actually killed the other man, died in the penitentiary. An interesting feature of this case is that Gov. Aycock was prosecuting attorney at the trial of Moore.

TWINKLINGS.

— She—Is there a sequel in that novel? He—There must be; it ends in a wedding between affinities!—*Puck.*

— Ethel—What do you think of Miss DeGold's latest evening gown? Edith—H'm rather, like a colored supplement, isn't it?—*New York Times.*

— "Want to buy a second-hand 'auto' that's only been used a week?" "Good as new?" "Better—everything breakable about it has broke!"—*Puck.*

— "He's a kind-hearted automobilist, isn't he?" "Exceptionally so. I never knew him to run over even a child unless he was in a hurry."—*Life.*

— A Pretty Sure Sign: "Does she sing as if she had had her voice cultivated?" "Oh, yes. I couldn't understand a word she said."—*Philadelphia Bulletin.*

— "Didn't you tell me that dog you sold me wouldn't bite anyone he knew?" "Yassuh," answered Mr. Erastus Pinkley, "but he allus was kind o' hard to git acquainted with."—*Washington Star.*

Floorwalker — Anything I can show you sir?

Dazed individual—The door, please, if you will be so kind; I've been hunting for two hours.—Columbus, O., State Journal.

— He Wouldn't Do—"Why didn't your church call that eloquent young preacher, after all?" asked Mildred. "Oh, it turned out that he knew nothing of ping-pong," answered Amy.—*Tit-Bits.*

— "What a liquid voice your wife has!" said the guest as the hostess left the room in response to a call from the nursery. "Liquid!" exclaimed the host, "That describes it exactly. It flows at the rate of 300,000 gallons a minute."—*Chicago Tribune.*

Some Sights Not For Her.

"I've come to town," said the old farmer, "to see all that's worth seeing—all that's interesting."

"You have?" returned his rapid city nephew inquiringly.

"You bet I have."

"In that case," said the city nephew, "you ought to have left your wife at home."—Chicago Post.

His Failing.

"Mr. Litewate, have you any objection to my joining a military company?"

"I dunno as I have. But I'll tell you one thing, I'm afraid you'll be as poor a soldier as you are a grocery clerk."

"In what way, sir?"

"No earthly good at taking orders."—Cleveland Plain Dealer.

Modernized Form.

Sunday School Teacher—Now, children, what did Pharaoh say to Moses?

Children—We don't know.

Teacher—Oh, yes, you do. He told Moses to go and do something. Now, what did he say?

Class—Go way back—and sit down!—Baltimore American.

Blown to Atoms.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded, for Dr. King's New Life Pills, which are perfectly harmless, gently stimulates the liver and bowels to expel poisonous matter, cleanse the system and absolutely cure Constipation and Sick Headache. Only 25 cents at R. R. BELLAMY'S drug store. †

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

"Save the Child!"

That is the heartfelt cry of many a mother who sees her beloved child wasting and fading day by day. Sometimes it's too late for medical aid to help the child.

It is so weak, so lacking in stamina that there is no vantage ground of help.

One of the results of the use of Dr. Pierce's Favorite Prescription preceding maternity is a strong, healthy child. Thousands of mothers testify to this. Frequently mothers write, "I was never able to raise a child before using 'Favorite Prescription,'" or "All my other children are sickly except this one, and I took your 'Favorite Prescription' this time."

All the child's strength comes from the mother. "Favorite Prescription" gives the mother strength to give her child.

There is no alcohol in "Favorite Prescription;" it contains neither opium, cocaine, nor any other narcotic. It is a purely vegetable and perfectly harmless medicine in any condition of the female system.

Accept no substitute for "Favorite Prescription." There is nothing "just as good" for woman's ills.

Sick women are invited to consult Dr. Pierce by letter, *free*. Correspondence confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I am so thankful for what Dr. Pierce's Favorite Prescription has done for me," writes Mrs. John T. Smith, of Slocan, British Columbia (Box 56). "It helped me through the long months of pregnancy and I have a big, strong baby girl, the most healthy of all my three, and it cured me of a disease which was taking away all my strength."

Free. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the book in cloth binding, or 21 one-cent stamps for paper covered. Address Dr. R. V. Pierce, Buffalo, N. Y.

OUR ALDERMEN.

They Are Entitled to Just and Considerate Treatment.

EDITOR STAR:—Our aldermen are not saints, nor do they claim to be. They are flesh and blood, made of the same kind of clay as the balance of us. I think they are all doing their best to govern the city for the best interests of the governed, and they should be encouraged. They are not all Solomons; neither are the people who criticise them. If any of us knew we would meet a man on Market street who knew all the wrongs we ever did, or would have done had we known it would never have been found out, we would go another street, not Market. We are not anxious to see that fellow. If you have a friend, and especially a friend in your employ, (the aldermen are in our employ), and you hear he has made mistakes, do you go to him and try to persuade him to correct his mistakes, and do it as quietly as you can so that it will cause as little public notice as possible, or do you talk it as publicly as you can, and tell the newspapers and ask them to publish it? Now we all know the former way is the right way if you expect to retain his friendship, and it is the only sensible way to do

If our aldermen are honest (and I believe they are) as they serve the city for nothing, (except the odium they get) they are entitled to considerate treatment When a man works for us for nothing it does seem that we should at least be charitable to his faults.

When we think our public servants have made mistakes, or are about to make them, let us go to them our selves, or go to others who we think would have more influence with them, and let them argue with them, and persuade them to see the error of their way. We have political parties and it is right to have them, but at the same time we should never have partisan hate, but after election whoever is elected they are our aldermen and should have our sympathy and we should do all we can to help them govern well, as much so if they are of our own. After the election they are our aldermen. We must pull together.

The idea rife in some sections of the country is that the men in one party are all thieves and robbers, and all in the other, saints and gentlemen. I, as a merchant, never ask a man what church or party he belongs to when he asks for credit. Does he pay his bills promptly is the point with me.

There should be different political parties, and different churches, and each man should belong to one of his own choosing. I think if our political newspapers were more tolerant, it would be so much better for the welfare of the country in the way of government. Some men ask my opinion. It makes me think of Sergeant B. in one of Dickens' books, when he was asked his opinion, he asked his wife to tell his opinion. Let any man take only one newspaper, and it a bigoted political paper, and he has no opinion of his own, but only the opinion of that paper. Some political papers are not of the above class. Papers are like individuals, some good and some not so good. If each man could read the best newspapers, literary or commercial, and magazines of the day, as well as political newspapers; it would be better. It matters not what political party rules, so it rules for the best interest of the governed, is my idea.

Respectfully,
D. L. GORE,

THE LIMIT REACHED.

Matters Had Gone Too Far and He Wanted a Divorce at Once.

"Now, then," said the attorney to the witness who wanted the divorce, "please tell the court just what the trouble between you and the defendant was."

"Well," the unfortunate man replied, "I built an addition to my house so that her mother could come there and live at my expense; I paid the private detectives she hired to shadow me while she was away during the summer; I took a smaller office so as to be able to let her join a golf club; I gave up horseback riding for my health in order to make it possible for her to entertain musical celebrities who came to town; I gave up smoking and quit eating lunch at my club so that she could keep a footman. I did all these things without a word of complaint. I won't deny that I sometimes considered it rather rough to have to make such sacrifices, but I had taken her for better or for worse, and I didn't want to weaken on the contract if I could help it."

"Yes; go on. What was the thing that finally brought you here?"

"When she put my new silk lined fall overcoat on her confounded old rubber plant because the weather man had predicted frost and left it out all night I made up my mind that worst had come to worst, and here I am."—Chicago Record-Herald.

Those Wise Children Again.

George is five years old, and his father read him the impressive story of George Washington and the cherry tree and the subsequent frank admission. Noticing the look of astonishment on the child's face, his father asked, "Don't you think he was a very good boy?" "Good, papa?" said George incredulously. "Why, of course he knew his father had got wise anyhow."

That reminds us of the story of the mother who, after reading "Casabianca" to her little daughter, remarked, "Now, wasn't he a good little boy?"

"Yes," sighed the child. "He was awfully good, but he wasn't one bit smart."—New York Sun.

COTTON MARKETS.

By Telegraph to the Morning Star.

NEW YORK, June 10.—The cotton market opened firm with prices one to six points higher and pretty much all the rest of the session crept slowly upward on reluctant demand from the bear interest, light foreign buying, increased bull support and slim offerings. Nearly all influences at work favored a higher market, though the chief factor at the start was the cable news. This reflected an increased demand for spot cotton at 1-32d advance and a firmer ruling of futures throughout the list. For a time Wall street bear contingent opposed the improvement by selling the August position, but for the most part the bears decided that discretion was the better part of valor and covered up. Predictions for a bullish weekly crop and weather report from Washington with a dry weather chart hardly served to instil confidence in the bear circles. Liverpool continued to rise after the New York market, and Europe was a consistent buyer here. Complaints from the central belt that rain was needed and from the eastern belt that lice and drought were injuring cotton, helped to strengthen the market as a whole. Promptly at noon the government report came to hand and proved quite as bullish as predicted and had the effect of stiffening the new crop months several points and for the rest of the afternoon the course was quite steadily upward. The late months led the summer positions in point of strength The market was finally steady, net seven to fourteen points higher.

NEW YORK, June 10.—Cotton quiet at 9¼c; net receipts 9 bales; gross receipts 466 bales; stock 169,150 bales.

Spot cotton closed quiet; middling uplands 9¼c; middling gulf 9¼c; sales 250 bales.

Cotton futures closed steady: June 8.92, July 8.76, August 8.53, September 8.19, October 8.05, November 7.99, December 7.99, January 7.99, February 8.00, March 8.02.

Total to-day—Net receipts 4,113 bales; exports to Great Britain 1,446 bales; exports to the Continent 1,845 bales; stock 391,097 bales.

Consolidated—Net receipts 10,914 bales; exports to Great Britain 1,838 bales; exports to France — bales; exports to the Continent 12,495 bales.

Total since September 1st—Net receipts 7,400,326 bales; exports to Great Britain 2,956,659 bales; exports to France 707,006 bales; exports to the Continent 2,574,702 bales.

June 10.—Galveston, steady at 9¼c, net receipts 133 bales; Baltimore, nominal at 9¼c, net receipts — bales; Boston, quiet at 9¾c, net receipts 55 bales; Wilmington, steady at 9c, net receipts 172 bales; Philadelphia, steady at 9¾c, net receipts — bales; Savannah, steady at 9¼c, net receipts 320 bales; New Orleans, steady at 9 5-16c, net receipts 2,480 bales; Mobile, nominal at 9c, net receipts — bales; Memphis, steady at 9c, net receipts 78 bales; Augusta, firm at 9 3-16c, net receipts 10 bales; Charleston, quiet and nominal, net receipts 2 bales.

PRODUCE MARKETS.

By Telegraph to the Morning Star.

NEW YORK, June 10.—Flour was steady all day but quiet. Rye flour quiet; fair to good $3 20@3 45. Wheat—Spot steady; No. 2 red 77¼c. Options closed firm at ½c net advance. Sales included: July closed 77¾c; September 75¼c; December 77c. Corn—Spot steady; No. 2 70½c. Options closed unchanged to ½c higher. The sales included: July closed 67¼c; September closed 63¼c; December closed 49¾c. Oats—Spot steady; No. 2 46c. Options after an easy opening were firmer with corn. Cabbage were quoted firm; Norfolk, barrel crate $1 50@2 00. Freights to Liverpool—Cotton by steam 10c. Peanuts firm; fancy hand-picked 5c; other domestic 3¼@4¼c. Cotton seed oil market showed no change whatever and a small local trade in the prime summer yellow: Prime crude, f. o. b. mills 37c; prime summer yellow 45½c; off summer yellow 45c; prime white 48½c; prime winter yellow 49@50c; prime meal $28 50@29 00, nominal.

CHICAGO, June 10.—There was fair bull force to the rather dull grain markets to-day in spite of a number of early bearish influences. There was an early sag all around, but fair support and manipulation overcame all the depression and July wheat closed 1-8c. higher, July corn 1-8@1-4c. up and July oats unchanged. July provisions closed 2 1-2@5 to 37 1-2c higher.

CHICAGO, June 10.—Cash prices: Flour steady. Wheat—No. 2—c; No. 3 spring 69¾@72¾c; No. 2 red 7979¾. Corn—No. 2 —c; No. 2 yellow 63¾. Oats—No. 2 42@42½c; No. 2 white 46c; No. 3 white 45@46c. Mess pork, per barrel, $17 80@17 85. Lard, per 100 lbs., $10 32½@10 35. Short rib sides, loose, $10 70@10 80. Dry salted shoulders, boxed, $8 25@8 50. Short clear sides, boxed, $10 75@10 85. Whiskey—Basis of high wines, 1 30.

The leading futures ranged as follows—opening, highest, lowest and closing: Wheat—No. 2 July 70¾@70⅞, 71⅛@71¼, 70¾, 71¼@71⅝c; September 69⅜@69¾, 70⅛, 69¾, 69¾@70c; December 70⅞, 71¼, 70¾@70⅞, 71¼c. Corn—No. 2, July 62¾@62⅞, 63⅛, 62¾, 62⅝c; September 57⅞@58⅛, 58⅜@58⅝, 57¾@57⅞, 58¼c; December 43¾@44, 44¼, 43¾@43¾, 44¼@44¼c. Oats—July, old, 35⅞@36, 36⅜, 35⅝, 36¼c; July, new, 38@38⅛, 38⅜, 38, 38¼c; September, old, 28⅛, 28¾, 28½, 28⅝@28¾; September new, 30, 30¼, 30, 30¼c; December, new, 30@30½, 30¼@30¾, 30, 30¼. Mess pork, per bbl—July $17 47½, 17 72½, 17 47½, 17 72½; September $17 75, 17 80, 17 75, 17 8 Lard, per 100 lbs—July $10 32½, 10 37½, 10 32½, 10 35@10 32½; September $10 32½, 10 40, 10 32½, 10 40. Short ribs, per 100 lbs—July $10 40, 10 75, 10 40, 10 75; September $10 20, 10 37½, 10 20, 10 37½.

A BOTTLE OF
STUART'S GIN AND BUCHU
Cures Kidney and Bladder Troubles, Rheumatism, Etc.—Deep-seated Cases a Specialty.

Send no money; simply write and try Stuart's Gin and Buchu at our expense. A personal trial is better than a thousand printed testimonials.

Death soon follows from diseased kidneys unless a cure is made by taking the old, reliable Stuart's Gin and Buchu. The following symptoms indicate the approach of Bright's disease or diabetes and kidney trouble: Puffy or dark circles under the eyes; sallow, yellow complexion; dull, heavy headaches; dizzy, tired feeling; faint spells; pain or dull ache in the back; urine cloudy, milk-like or stringy, dark in color or offensive; painful, scalding sensation in passing urine; obliged to go often during the day or night. There is a cure in Stuart's Gin and Buchu. It is the one remedy you can rely on. It will correct all these symptoms and permanently cure even Bright's disease after all other treatments fail. Stuart's Gin and Buchu will neutralize the urine and cause it to flow in a perfectly natural manner, thus carrying out of the kidneys all the impurities which are the direct cause of much ill health. A high grade kidney cure. The most perfect made. Stuart's Gin and Buchu thoroughly tested for past 90 years. It gives life, power, and vigor to the kidneys, thus making the blood red and

DEMOCRATIC PLAN OF ORGANIZATION.

1. The unit of county organization shall be the voting precincts. In each precinct there shall be an executive committee, to consist of five active Democrats, who shall be elected by the Democratic voters at the several precincts in the meeting first called by the county executive committee. And said committee so elected shall elect one of its members as chairman, who shall preside at all committee meetings.

2. The chairmen of the several precinct committees shall compose the county executive committee, which shall meet at the same time and place as the county convention first held in each election year, and elect a chairman of said county committee who need not be a member of the committee, and he shall preside at all meetings of said committee, and shall hold his place until his successor shall be elected. A majority of said precinct chairmen, in person, or by proxy, shall constitute a quorum. The county committee shall likewise appoint a central committee of five, who shall act in its stead when the county committee is not in session.

3. In case there shall be a failure on the part of any precinct to elect its executive committee for a period of thirty days, the county executive committee shall appoint said committee from the Democratic voters of said precinct.

4. The members of the precinct committee shall elect to any vacancy occurring in said committee.

5. The county executive committee shall call all necessary conventions by giving at least ten days' notice by public advertisement in three public places in each precinct, at the court house door, and any Democratic newspapers that may be published in said county, requesting all Democrats of the county to meet in their respective precincts on a common day therein stated, which said day shall not be less than three days before the meeting of the county conventions, for the purpose of electing their delegates to the county conventions. Thereupon the meeting so held shall elect their delegates to represent the precincts in the county convention from the voters of the respective voting precincts, which delegates, or such of them as shall attend, shall vote the full Democratic strength of their respective voting precincts on all questions that may come before said county conventions. In case no meeting shall be held in any precinct in pursuance of said call, or no election shall be made, the precinct executive committee shall appoint such delegates.

PRIMARIES.

6. At every precinct meeting there shall (before the delegates to the county convention are elected) be a vote taken for the different candidates for office, whose names may be presented and the delegates shall vote in the county convention of their respective districts in accordance with this vote; that is to say, each candidate shall receive in the county convention that proportion of the vote to which the precinct may be entitled which he received in the precinct meeting. The chairman and secretary of the precinct meeting shall certify to the county convention the vote received by each candidate at the precinct meeting.

7. Each precinct shall be entitled to cast in the county convention one vote for every twenty-five Democratic votes, and one vote for fractions of thirteen Democratic votes cast by the township at the last preceding gubernatorial election. Provided, that every voting precinct shall be entitled to cast one vote, and each precinct may send as many delegates as it may see fit.

8. The chairmen of the precinct committees shall preside at all precinct meetings. In their absence any other member of said committees may preside.

COUNTY AND DISTRICT CONVENTIONS

1. The several county conventions shall be entitled to elect to their senatorial, judicial and congressional conventions one delegate and one alternate for every fifty Democratic votes, and one delegate for fractions of over twenty-five Democratic votes cast at the last preceding gubernatorial election in their respective counties; and none but delegates or alternates so elected shall be entitled to a seat in said conventions: Provided, further, That in all county conventions in which delegates shall be selected to attend any State, congressional, judicial or other convention, a vote shall be taken in accordance with the plan of organization as to the candidates whose names may be presented to such county convention. The delegates shall be selected from the friends and supporters of each candidate voted for, in proportion to the number of votes he shall receive in such county convention and no other instruction shall be given: Provided further, That when only one candidate is presented and voted for at each county convention it shall be lawful to instruct for such candidate.

2. At every county convention (before delegates to State, congressional, judicial, senatorial or other conventions are chosen) there shall be a vote taken for the different candidates for office whose names may be presented and the delegates shall vote their respective counties in accordance with this vote, that is to say each candidate shall receive in the State, congressional, judicial, senatorial or other convention the proportion of the vote to which the county may be entitled which he received in the county convention. The chairman and secretary of the county convention shall certify to each convention the vote received by each candidate given: Provided, That where only one candidate is presented it shall be lawful to instruct for him. At all State and district conventions the delegates from the different counties may disregard the vote of their respective counties as to any candidate: Provided, That a two-thirds majority of all his votes from the county consent.

3. The chairman, or in his absence any member of the county, senatorial, judicial and congressional convention shall call to order their respective conventions and hold chairmanship thereof until the convention shall elect its chairman.

4. The executive committees of the senatorial, congressional and judicial districts, respectively, shall, at the call of their respective chairmen, meet at some time and place in their respective districts, and the chairmen of said respective committees shall immediately notify the chairmen of the different county executive committees of the said appointment and the said county executive committee shall forthwith call conventions of their respective counties in conformity to said notice to send delegates to said respective district conventions.

STATE CONVENTIONS.

The State convention shall be composed of delegates appointed by the several county conventions. Each county shall be entitled to elect one delegate and one alternate for every one hundred and fifty Democratic votes and one delegate for fractions over seventy-five Democratic votes cast therein at the last preceding gubernatorial election; and none but delegates or alternates so elected shall be entitled to seats in said convention: Provided, That every county shall have at least one vote in the convention.

Resolution passed at meeting of executive committee, November 30, 1897:

"*Resolved*, That in accordance with the resolution hereinbefore adopted, all white electors who intend to vote with us in the next election, and who desire the re-establishment of Anglo-Saxon supremacy and honest government in North Carolina are cordially invited to participate in all our primaries and conventions."

GENERAL RULES.

1. At all conventions the delegates shall be selected as near as may be from the friends and supporters of the candidates voted for.

2. Such delegates—or alternates of absent delegates—as may be present at any Democratic convention shall be allowed to cast the whole vote to which their precinct or county may be entitled.

3. In all conventions provided for by this system, after a vote is cast, there shall be no change in such votes until the final result of the ballot shall be announced by the chairman of said convention.

4. All Democratic executive committees shall have the power to fill any vacancies occurring in their respective bodies.

5. The chairmen of the different county conventions shall certify the list of delegates and alternates of the different district and State conventions, and a certified list of said delegates and alternates to the secretary of the State central committee.

6. It shall be the duty of the county committee and its chairman to furnish such information and make such reports to the chairman of the State committee as he may desire.

F. M. SIMMONS,
Chairman State Democratic Executive Committee.
P. M. PEARSALL, Secretary.

Strikes a Rich Find.

"I was troubled for several years with Chronic Indigestion and Nervous Debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. The Seashore Hotel.

WRIGHTSVILLE BEACH, N. C.

Opens for the Summer, June 1st.

For the coming season of 1902 we have added sixty large airy bedrooms, twenty en suite, with private baths, bowling alley, pool and billard hall. Hotel being but a few yards from old ocean's edge renders it cool and comfortable at all times.

No Malaria, No Mosquitoes, No Flies

The finest bathing, boating and fishing along the Atlantic coast. The cuisine will be thoroughly up-to-date, embracing everything in the way of delicacies in sea foods and choice edibles. Artesian water. Music the entire season by Professor Hollowbush's New York orchestra of eight pieces. No more delightful resort in the South. Write for descriptive booklet, rates, etc.

The Morning Star.

WILMINGTON, N. C.

WEDNESDAY MORNING, JUNE 11.

THE CONDITION OF CROPS.

Rain Needed in the Cotton Belt—The Tobacco Crop—Acreage Devoted to Rice Culture.

By Telegraph to the Morning Star.

WASHINGTON, D. C., June 10.—The Weather Bureau's weekly summary of crop conditions says:

Rain is generally needed throughout the cotton belt, except over the northern portion of the central districts. The effects of drought, however, are not serious. Insects are causing injury in portions of Texas, Louisiana and Georgia. The crop is generally well cultivated, except over the northern portion of the western district.

In Pennsylvania, Maryland, Virginia and North Carolina, the conditions have not been favorable for transplanting tobacco, and the condition of the early plants in the two last named States has deteriorated.

The acreage devoted to rice has been reduced in Alabama, Florida, Arkansas and North Carolina, in which States the respective areas are now 6, 11, 17 and 16 per cent. below that harvested last year. In Georgia the area has not been changed, while South Carolina, Mississippi, Louisiana and Texas report increased areas, amounting to 1, 4, 22 and 60 per cent, of that harvested last year. Alabama, South Carolina and Louisiana show conditions of rice, one, two and twelve points above their respective eight year averages, while reports from Georgia indicate a condition two points, North Carolina eight and Florida eleven points below such average.

ARKANSAS DEMOCRATS.

State Convention—Ex-Gov. Clarke Nominated for U. S. Senate—Governor Davis Renominated.

By Telegraph to the Morning Star.

LITTLE ROCK, ARK., June 10.—The feature of the Democratic State Convention, which opened at noon to-day, was the ovation to former Governor James P. Clarke, who was declared by the convention to be the Democratic nominee for United States Senator, to succeed James K. Jones. Some of the friends of Senator Jones opposed the resolution and it was stated that Senator Jones demurred to the jurisdiction of the convention. The resolution was adopted by a vote of 420 to 72.

Congressman Thomas C. McRae was made permanent chairman, and in addressing the convention said he violated no confidence as a member of the House Committee on Appropriations, in saying that the appropriations by the present Congress will reach $750,000,000. He arraigned the Republican party on the ground of extravagance.

Governor Jefferson Davis, who carried 70 out of the 75 counties in the primaries, was renominated by the unanimous vote of the convention.

Governor Davis, in accepting the nomination, sprang a sensation by announcing himself as a candidate for United States senator to succeed Senator James H. Berry, whose term expires in 1905.

TRAINS IN COLLISION.

On Southern Railway, Near Macon—Two Trainmen Killed--Passengers Injured.

By Telegraph to the Morning Star.

MACON, GA., June 10.—A south bound train of the Southern railway, proceeding out of Juliette, twenty-three miles north of Macon, and under full headway, was struck by a freight train on a sharp curve at 2:10 this afternoon. Aboard the passenger train were many dentists coming to attend the State convention and a number of other men prominent in the State. The curve was so sharp that the passengers saw the approaching freight and a scene of indescribable panic developed. The engines and tenders were piled on each other. The freight was loaded with fruit and watermelons, which were widely scattered. Engineer Pittman and Fireman Ed. West, of the passenger train, were pinned in their cab and killed, Engineer Galley, of the freight, escaped by jumping, though he was seriously injured. About twenty passengers were hurt, some seriously.

WITHOUT FOUNDATION.

Statement That the Poor of Havana Are Crying for Bread.

By Cable to the Morning Star.

HAVANA, June 10.—The statement published in the United States that a mob of the poor of this city surrounded the Palace this morning, crying for bread, and President Palma took $1,000 from his private purse and with it purchased bread for the crowd, is without foundation and arose from the fact that yesterday President Palma gave $15 to some poor people.

SENATE PASSED THE NAVAL BILL.

Consideration of Isthmian Canal Resumed, Turner Advocating Nicaragua Route.

HOUSE OF REPRESENTATIVES.

Extravagance of the Republican Administration Shown by Representative Cannon--Appropriations So Far Aggregate $590,000,000.

By Telegraph to the Morning Star.

WASHINGTON, June 10.—Another of the big supply bills of the government was disposed of by the Senate to-day; the Naval bill, carrying more than $78,000,000, being passed. It includes provision for the two first class battleships, two first class armored cruisers, and two gunboats; but strikes out the House provision that one of each shall be built at Government yards.

Senator Perkins, a member of the Committee on Naval Affairs, argued that some of the vessels of the navy ought to be constructed at government navy yards, and he argued that the admirably equipped government yards ought to be utilized. This policy, he said, was demanded by the labor unions.

Senator Platt, Connecticut, asked if this was a demand or a request on the part of the labor unions.

"I mean that it is a request," replied Senator Perkins.

"They maintain that it is to the interest of the government that the navy yards belonging to the people should be utilized for building war vessels."

When consideration was resumed of the Isthmian canal question, Senator Turner delivered an extended argument in support of the Nicaragua route. He discussed particularly the legal difficulties surrounding the acquisition by the United States of the Panama Canal Company's rights, franchises and property. He maintained that the new Panama company could not pass a clear title to the property to the United States, and if this government purchased it, it would be with all its encumbrances.

In answer to an inquiry of Senator Clay, Senator Turner said that under no system of jurisprudence of which he had any knowledge could the rights and property of the old Panama Canal Company be disposed of by the new company without the old company having been made a party to the judicial proceedings.

"I should like to inquire of the Senator," said Senator Fairbanks, "whether there has been a confirmation of the order of sale."

"Not that I am aware of," replied Senator Turner. "There has been no sale and there could be, therefore, no confirmation of it."

In conclusion, Senator Turner urged strongly the construction of the Isthmian canal, saying that it would at once relieve the Pacific coast from the onerous burdens placed upon it by the trans-continental railroads, which had become well nigh intolerable.

Senator Morgan discussed the legal difficulties of acquiring the Panama canal property, and declared that the United States could not buy the property without acquiring the encumbrances upon it.

The House bill providing for the protection of the President was referred to the Judiciary Committee, although Senator Hoar, chairman of that committee, thought it would be impossible to get action upon it at this session if the committee had to consider it.

House of Representatives.

The House to-day defeated the bill to transfer certain forest reserves to the Agricultural Department, and to authorize the President to establish game and fish preserves. Its death was accomplished by the method described by Representative Cannon, of Illinois, as "cutting off the head behind the ears," known parliamentarily as striking out the enacting clause. The motion was made by Mr. Cannon. He claimed that the bill would greatly increase the cost of administering forest reserves, and the vote followed a statement by him, in which he pointed out that the estimated receipts for the next fiscal year already were exceeded by appropriations up to the present time by over $51,000,000. The vote stood 100 to 70 in favor of this motion.

While making his statement Mr. Cannon created some amusement by removing his collar and necktie. He said that for the current year the apparent surplus was $47,000,000. For the coming year the estimated revenues were $639,000,000. The regular appropriation bills in their present status aggregated $590,000,000. The permanent appropriations were $69,000,000, the miscellaneous appropriations, including the Omnibus Public Building bill, where $10,000,000 to deficiencies already aggregated $21,000,000. The apparent excess of appropriations over expenditures already reached the sum of $51,925,128. This showing made no provision for the sinking fund ($54,000,000) which could be paid or not not. It did not include anything for the Isthmian canal, for the Pacific cable, for the Omnibus fish hatchery, or a hundred other kindred propositions. It might be said that the treasury contained a great surplus, observed Mr. Cannon. If any of the great pending enterprises were undertaken the surplus would vanish like the mist before the sun. He said he did not desire to be an alarmist, but he adjured his colleagues to weigh carefully appropriations before they allow authorizations to march beyond receipts. Every cent of revenue for the next fiscal year was necessary to pay expenses in sight.

The House then adopted a special order for the consideration of the Corliss Pacific bill by a vote of 108 to 75. Mr. Dalzell, of Pennsylvania, who presented the rule, announced that he was opposed to the government building a cable to the Philippines. He said he favored the construction of an American cable by American capital and gave notice that at the proper time he would offer as a substitute a bill which he understood had been drawn by Attorney General Knox which recently was introduced in the Senate by Senator Hale to authorize the President to contract for the construction of a cable under certain conditions.

The minority of the Commerce Committee opposed the Corliss bill on the ground that the Commercial Pacific Company are now at work building a cable which is to be laid by 1905.

Mr. Adamson, of Georgia, protested against the adoption of the rule and the building of a cable by the government. He argued that the private company which had planned to lay a cable to the Philippines should be allowed to do so without let or hindrance.

Mr. Corliss, of Michigan, then addressed the House at length in behalf of his bill. He presented facts intended to show the existence of a cable monopoly, and argued that the only way to break down the monopoly was for the government to own, construct and operate the cable.

GERMAN WARSHIPS SENT TO VENEZUELA.

Supposed to Be for the Enforced Collection of Claims of German Citizens Against Venezuelan Government.

By Cable to the Morning Star.

WASHINGTON, June 10.—In the absence of any official advices on the subject, the officials here are in the dark as to the reasons for the hurried departure of German warships for Venezuela, as reported in a dispatch from St. Thomas.

Germany has a big claim against Venezuela—that of the Berlin Company of Discount—for the non-performance of engagements which the Venezuelan government has undertaken in connection with the great Venezuelan railway built by the government. The claim approximates 6,000,000 bolivars. One inference—it is merely that as there is no official information on which to base the statement—is that Germany has sent her vessels to LaGuaira to enforce the payment of the claim, as Venezuela has not attempted to meet the obligation. The diplomatic correspondence of the State Department shows that Germany has considered the question of coercion in connection with the claim. A communication from the German embassy of December 20th last has this to say on the subject:

"In case the German government should be obliged to use coercion against Venezuela in connection with the pending claims it will have to be considered what kind of measures should be adopted. The most important measure of coercion—that is, the blockade of Venezuelan harbors would have to be carried through without a declaration of war preceding it. A blockade would touch likewise the ships of neutral powers, inasmuch as such ships, although a confiscation of them would not have to be considered, would have to be turned away and prohibited until the blockade should be raised. In the same manner European states have proceeded on such occasions, especially England and France."

It is not believed that the United States government would raise any objection should Germany undertake the blockade of Venezuelan ports.

TERRIFIC STORM IN MICHIGAN

Many Persons Reported Killed—Farm Houses, Churches and Other Buildings Destroyed.

By Telegraph to the Morning Star.

WHITE EARTH, MINN., June 10.—A terrific electric, wind, hail and rain storm passed over the southwest portion of the White Earth Indian reservation last night, leaving death and destruction in its wake. Reports from the southern part of the reservation say that the fury of the storm was terrific in Walworth and Atlantic townships. Houses and barns were torn down, crops destroyed and some fifteen persons are reported killed.

ULEN, MINN., June 10.—A tornado formed five miles west of this place between 4 and 5 o'clock yesterday afternoon and swept over an area one-half mile wide and probably twenty miles long. It took a southeasterly course, demolishing farm buildings, killing four persons and injuring many more. At Vass postoffice, Mrs. O'Berg was killed and her home demolished.

Four miles north of Ulen, three members of the family of Andrew Horim were instantly killed and one other so badly injured that he may die. Reports from various sections are to the effect that many persons were badly injured.

Near Atlanta, Ole Johnson Berg and his son were picked up and carried nearly half a mile by the storm, but escaped with bruises. The Norwegian Lutheran church at Atlanta was razed. Hundreds of head of stock were killed.

LAKE PARK, MINN., June 10.—A tornado swept through the country, 12 miles north of here late yesterday afternoon, cutting a path two miles wide and three miles long. Nine farm houses were destroyed and ten persons are reported dead. The church at Spangele was demolished. Further details have not yet reached here.

SANITARIUM HORROR.

Investigation to Establish Responsibility for the Chicago Fire.

By Telegraph to the Morning Star.

CHICAGO, June 10.—To-days investigation of the causes and responsibility for the catastrophe at the sanitarium of St. Luke's Society reveals, it is declared, a tale of negligence on the part of the officials of the sanitarium and the city.

Out of the mass of conflicting statements concerning the disaster, one fact stands prominently forth. Had the city officials performed their duty the frightful loss of life would have been prevented. This is admitted by the officials themselves. The coroner's jury, which was empanelled today, will fix the blame.

The officials of the St. Luke Society will be compeled to show by what right they operated a sanitarium without a license, and explain the locking of delirium tremens patients in rooms on the top floor and shackeling them.

LUMBER MANUFACTURERS.

Meeting in Memphis Decided Not to Advance Prices—Old List Affirmed.

By Telegraph to the Morning Star.

MEMPHIS, TENN., June 10.—The Southern Lumber Manufacturers' Association met here to-day in special session with a large attendance. The entire South is represented, besides many delegates from Ohio, Chicago, Kansas City and other Northern points. The object of the meeting is to arrange the price list on lumber. The morning session was taken up with addresses. At the afternoon session the delegation entered upon a general discussion of the price list question. It was finally decided not to advance prices and the price list inaugurated last March was re-affirmed.

JEWELRY RECOVERED.

Package Valued at $5,000 Stolen from the Waldorf Astoria.

By Telegraph to the Morning Star.

NEW YORK, June 10.—Captain Titus, of the Detective Bureau, announced to-night that the jewelry, valued at $8,000, stolen a week ago from Mrs. Charles D. Kingdon, mother of Mrs. George J. Gould, while stopping at the Waldorf-Astoria, has been recovered. Captain Titus said that to-day a smooth-faced young man called at the home of Detective Sergeant Valleah with a package in his hand, which he left with Mrs. Valleah. When Valleah reached home to-night he opened the package and found it contained the Kingdon jewelry, which lay in a pasteboard box. Captain Titus and Detective Valleah say they have no idea of the identity of the man who returned the jewelry.

STRIKE SITUATION IS UNCHANGED.

No Violence Reported and Coal Mine Operators Claim to Be Satisfied.

TIE-UP IS ALMOST COMPLETE.

Armed Guards at Some of the Mines. Large Supplies of Winchesters Received by the Mine Operators. Compromise Rumor Denied.

By Telegraph to the Morning Star.

ROANOKE, VA., June 10.—Official reports to-day show there is some improvement in the strike situation in the Pocahontas fields. More men returned to work this morning and it is estimated that about 20 per cent. of the regular force is at work. The output of the coal is in about the same proportion. The shipments for yesterday were one-fifth of the average. No violence is reported in the Pocahontas territory and the operators claim to be satisfied with the outlook. There is a complete tie-up in the Flat Top district. The men who have started to work, including the guardsmen, have been refused board, and others have been warned by the Union men not to go to work. Some strikers at Empire, West Virginia, dumped a car of coal which was in transit on the ground last night.

The Indian Ridge and Browning mines in the Pocahontas field have asked their men to meet them at Bramwell to-morrow night to arrange a compromise. The men say if the Union is not recognized they will not return to work.

A Few Companies Working.

ROANOKE, VA., June 10.—A special from Bluefield, W. Va., to the *Times* says:

The situation in the coal fields is about the same to-day as yesterday when 125 fifty ton cars were loaded in addition to charging a number of coke ovens. A few companies worked a decreased force. The majority increased the output. The strike leaders reported that there would be a conference at Bramwell to-morrow night and a great number refrained from working, awaiting results of the meeting. There is said to be no truth in the alleged statement of a joint meeting. The operators will not encourage the union, but say they are willing to meet their own men as individuals to discuss grievances. In part of the field the agitators have promised the miners provisions which are not forthcoming. Kyle, Elkridge, and Powhatan shipped about as much as usual. It is reported one man was killed at Peerless to-day.

The New River District.

THURMOND, W. VA., June 10—The strikers succeeded to-day in tying almost every operation in the New river district. Not one hundred of the 6,000 workmen were at work on Loup Creek, and not a single car of coal has been sent down that branch to-day. All the Chesapeake and Ohio shifting crews in this field have been laid off and business is at a standstill. The fires are out in the thousands of coke ovens that have heretofore illuminated the New river valley, and from all indications the situation will not be soon improved. At mass meetings at Glen Jean to-day the strikers decided to remain out indefinitely, unless the operators grant their demands. In the Kanawha fields a few mines are being operated, but with a greatly reduced force.

Situation at Tug River.

KEYSTONE, W. VA., June 10.—The situation in the Great Flat Top and Tug River coal fields to-day is practically unchanged. At some of the mines the strikers lost a few from their ranks, but at other points they made gains. Especially was this the case at Davy, where more than a hundred foreigners were prevailed upon to come into the union. At mass meetings to-day the strikers voted unanimously to remain out until the operators made some concessions. The meeting called for to-morrow by the United Mine Workers at Bramwell will not be attended by a single operator. An extra force of guards were put to work at many of the mines in this territory to-day.

WARM WIRELETS

Three men were killed yesterday afternoon by an explosion in Auroria mine of the Olive Mining Company, at Ironwood, Mich.

Judge Samuel W. Pennypacker, of Philadelphia will like be by the nominee for governor by the Republican State convention to day at Harrisburg, Pa.

A Jamestown, Tenn., dispatch says: Oil was struck at a boring within 400 feet of the Bob's Bar well yesterday afternoon. The well is 225 feet deep and the oil of a high grade.

The Liberty Bell, which has been on exhibition at Charleston, S. C., was brought back to Philadelphia yesterday and placed in its position in Independence Hall.

The proposed combination of shipbuilding interests will be known as the United States Ship Corporation, and will be incorporated in New Jersey. The capitalization will be about $35,000,000.

The Beaumont Lumber Company's mill, Beaumont, Texas, was burned yesterday; loss $250,000; well insured. In addition to the mill, a large amount of lumber and several freight cars were destroyed.

President Roosevelt and party, who are going to West Point to attend the centennial celebration, left Washington at 12.10 o'clock last night via the Pennsylvania railroad.

Representative McDermott, of New Jersey, has introduced a bill for a statute or monument to the memory of Samuel J. Tilden, to be erected in Washington, at a cost of $50,000.

Henry O. Havemeyer, president of the American Sugar Refining Company, denies a report that his company had obtained a preponderating interest in the beet sugar industry in this country.

The number of guards is being increased as rapidly as Winchesters can be secured. There were several shipments of firearms to this section to-day. One company received five dozen Winchester repeating shot guns.

The dead body of an unknown negro was found hanging to a tree on the Brier Field road, near Newport News, Va., yesterday. The county authorities are unable to determine whether the case is one of murder, lynching or suicide, but are inclined to the suicide theory.

Life savers and a wrecking steamer from Cape Henry, Va., have gone to the assistance of the British steamer Thomas Wayman, which is ashore on Pebble Shoal, two miles east of False Cape, N. C. She is from Coosaw, S. C., with a cargo of phosphate rock for a foreign port. The vessel was amied off the shoal at 8:30 last night and proceeded northward.

LYNCHING THREATENED AT SALISBURY, N. C.

Two Negroes Charged With the Murder of Miss Cornelia Benson, in Rowan County, Last Monday.

By Telegraph to the Morning Star.

RALEIGH, N. C., June 10.—Gov. Aycock was wired to-night by Sheriff Julian, of Salisbury, asking that the Salisbury military company be put at his command for fear of the lynching of two negro boys, Harris and James Gillespie, caught by a citizens' committee, charged with the murder of a white girl, Miss Cornelia Benson. Gov. Aycock is in Wilson and the telegram being fowarded there he authorized Sheriff Julian to use the Salisbury military.

CHARLOTTE, N. C., June 11.—A dispatch from Salisbury, N. C., at 12:30 o'clock this morning says that a large crowd has assembled around the jail and is clamoring for the possession of two negroes, charged with the murder of Cornelia Benson, of Rowan county, last Monday. Sheriff Julian summoned a number of extra deputies to the jail, but it is feared that they will not be able to withstand the mob and the negroes may be hanged before daylight.

SUPPOSED TRAIN ROBBERS.

Three Men Arrested in Abiline, Tex., and Held Under Bond.

By Telegraph to the Morning Star.

ABILINE, TEXAS, June 10.—Three men, Jesse Nickell, Peter Futcher and Wyatt Hanks, the latter a brother of O. C. Hanks, the alleged train robber who was killed while resisting arrest in San Antonio recently, have been taken into custody charged with disposing of bank notes secured from a Great Northern express train at Wagener, Mont., January 3rd, 1901. It is claimed that a number of the notes were found in their possession when arrested. Nickell is alleged to have confessed, stating that he was to get half the proceeds from the notes disposed of. The prisoners waived examination and were held in $1,000 bond.

Herbert Floyd, colored, is in jail at Baltimore, awaiting instructions from the South Carolina authorities. He is charged with the murder of John Nance, also colored, at Mount Ville, S. C., last October. Floyd admits having shot Nance.

The degree of doctor of laws was conferred yesterday on Whitelaw Reid, the special ambassador of the United States to the coronation of King, Edward by Cambridge University.

BUSINESS LOCALS.

NOTICE For Rent or Sale, Lost or Found, Wants, and other short Miscellaneous Advertisements inserted in this Department, in solid Nonpariel Type, for 1 cent per word each insertion; but no advertisement taken for less than 10 cents. Terms positively cash in advance.

A Lawn Party will be held at the residence of Mrs. Selger on Third street, between Market and Dock, Wednesday, from 6 to 12 P. M., for the benefit of St. Paul's Episcopal Church. je 11 1t

Wanted—1,000 Feather Beds. Highest cash prices paid. Apply at Bonitz Hotel, 120 Market street. M. Levy, je 8 1w

Old Newspapers for sale by the hundred at the STAR Office. Excellent for underlaying carpets, or for wrapping paper. oct 4 tf

OLD NEWSPAPERS.

You Can Buy Old Newspapers in Quantities to Suit, at the STAR OFFICE

Suitable for Wrapping Paper and Excellent for Placing Under Carpet

For WASHING
A GAS STOVE
For IRONING
there's nothing so satisfactory as a gas stove. You've none of that trouble with the fuel and the fire that used to make wash-day a veritable "Blue Monday."
gas heats the irons to perfection, but does not heat you. There's none of that superheated, enervating atmosphere that used to make "ironing day" dreaded.
No more "picked-up dinners" on wash-day.
With gas, ironing is a pleasant task.
CONSOLIDATED RAILWAYS, LIGHT & POWER COMPANY.

Atlantic Coast Line Railroad Company.

General Meeting of Stockholders.

Notice is hereby given that a special meeting of the stockholders of the Atlantic Coast Line Railroad Company will be held at the Company's office in the City of Richmond, Virginia, at 11 o'clock A. M., on Monday, the sixteenth day of June, 1902, for the purpose of considering, authorizing and voting on the proposition to issue bonds of the Company to an amount not to exceed twenty thousand dollars per mile of railway actually owned and not to exceed in the aggregate eighty millions of dollars ($80,000,000.) payable in gold coin not more than fifty years from their date, and bearing interest at a rate not exceeding four per cent per annum, which bonds will include the amount necessary to retire all bonds now outstanding and secured by underlying mortgages and also the amount necessary for the acquirement of additional properties, and will, when all the bonds are ultimately issued, increase the present bonded indebtedness of the consolidated Company about thirty-three million dollars; and for the purpose of considering, authorizing and providing for the execution and issue of a mortgage or deed of trust to secure said bonds, embracing all of the railways, property and franchises of the Company, and for the purpose of considering and acting upon such other matters as may be legally presented at the meeting.

By order of the Board of Directors: Atlantic Coast Line Railroad Company

By JAMES F. POST, Secretary.
